

## MEASURES OF STUDENT SUCCESS

Lurleen B. Wallace Community College values its mission to provide students with quality academic and technical instruction. The College has identified nine student achievement goals that reflect its commitment to preparing students for further education and the workforce:

- Measure 1) Employer perception of program
- Measure 2) Student perception of program
- Measure 3) Student employment rate
- Measure 4) Licensure pass rate
- Measure 5) Graduation rate
- Measure 6) Transfer rate
- Measure 7) Fall-to-spring retention
- Measure 8) Fall-to-fall retention
- Measure 9) Successful course completion

These goals are measured annually by the Office of Institutional Effectiveness and Quality. Trend data and, if applicable, state and national data are compiled, forwarded to the Executive Council for review and discussion, and disseminated among faculty and staff.
