

CERTIFICATE OF HIPAA WORKFORCE PROFICIENCY (CHWP)

COURSE DESCRIPTION

The **Certificate of HIPAA Workforce Proficiency (CHWP)** course provides annual HIPAA training for anyone who comes into contact with Protected Health Information (PHI).

This short proficiency level course focuses on pragmatic compliance with HIPAA and covers important breach avoidance best practices and strategies. All modules are presented online and self-paced and are available for a full year.

All learners who complete the training receive a verifiable certificate that indicates that they are in compliance with HIPAA at the workforce level.

Like all 4MedPlus training, the CHWP course is accredited by the ANCC (Nurses, RNs, LPNs) and the ACCME (Physicians, PAs) and is approved by the HIMSS and CHIME organizations.

Learners may submit a survey to receive 3 full contact hours of CE/CME credit which toward continuing education requirements for medical licensure renewal in all 50 states.

POWERED BY 4PROPLUS
